OPERATIONAL STANDARDS REFERENCE

Showcase / specification surface embedded in Settings. Runtime shared contracts and accepted production workspaces remain authoritative when this reference becomes stale.

EMBEDDED EXAMPLE

Page header grammar

Use the shared primitive for title, subtitle, metadata, and header actions. This example is not a replacement workspace shell.

Reference only

+ CREATE

FILTER

Q

Search the reference...

COMMAND GRAMMAR

Header actions establish page scope. Command-bar actions operate on the current view. Optional secondary toolbars provide local controls; contextual row actions and detail actions belong to their record surface. The grammar is shared, while domain action sets differ.

Table Standard

GRID CONTRACTS APPLY TO TABLE-LIKE REGIONS, NOT EVERY WORKSPACE BODY

Atlas fixture: verify schedule and evidence views

CHG-71 R4 Visual Atlas Synthetic Project · Due · 2026-10-12

Other assigned work: Assigned work

Open task

BRIEF

Project brief

PROBLEM

A disposable, synthetic record is required to address the project workspace routes.

OBJECTIVE

Exercise the current preview-stage Projects workspace in the visual atlas.

IN SCOPE

Project home, work, planning, schedule, updates, reports and outcomes render paths.

MILESTONES

Milestones

No milestone recorded.

PROJECTS · PROJECT WORKSPACE

Plan

Portfolio My day Home Work Board Plan

PROJECT FOCUS

2 actionable · pv-focus-1

The next useful actions

Deterministic recommendations from the same task graph used by Work and Board.

OTHER ASSIGNED WORK

Atlas fixture: review workspace entry and project context
